

ABDULREHMAN JAFER

WEB DEVELOPER

SUMMARY

HI, I am Abdulrehman and I'm 19 years old. I am doing BSCS from Virtual University of Pakistan and have 1+ years of coding experience and counting. I have learnt and built many UIs using my frontend skills which includes **HTML**, **CSS**, **JavaScript**, **Tailwind**, **React** and working more on learning **Data Structure and Algorithms**. And I have also learned the core concepts of backend development and I have learned about **REST API**, **No-SQL database such as MongoDB and JavaScript backend framework Express**. And with the help of these skills I have also made my MERN blogging app in which you can sign up for an account and log in and if you are logged in then you can create new blogs and read other people blogs.

Visit portfolio : <https://mrabdulrehmanportfolio.netlify.app/>

ACHIEVEMENTS

I have earned a badge in **ReactJs** from LinkedIn. You can visit my linked in profile for confirming my badges.

I have also earned a badges in **CSS** from LinkedIn.

I have earned a certificate in JavaScript Algorithms and Data Structure from the freeCodeCamp.org and here is the link to it :

<https://www.freecodecamp.org/certification/fccd23ed54d-c791-437e-ae86-70afccel1be58/javascript-algorithms-and-data-structures>

MY COMPUTER SKILLS

Html, **CSS** and **JavaScript**.

Data Structure and Algorithms and I have also worked on custom data structures such as singly linked list. Visit

:<https://github.com/AbdulrehmanJafer/Data-Structure-and-Algorithams>

Object Oriented Programming(OOP) in JavaScript.

ReactJs and **React hooks**

Typescript

Tailwind CSS , **Styled Components** and **tailwind** provided custom components.

Rest API's and **CRUD operations**.

MongoDB, **ExpressJs** and **NodeJs**. Visit at : <https://myblogsmernapp.netlify.app/>

Windows and **Linux** such as **Ubuntu**

EXTRA SKILLS

I am proficient in English speaking and have spent two years on my English.

I am team player and love to work in team.

I have also monitored my class till 10th as a leader and was first in my class at the end of school.

I am very hard working and have always believed in it. I

never give up no matter what.

EDUCATION

I passed my marticulation from government MC high school, Okara with 91% marks and then I took admission in DPS college Okara and passed my intermediate with 82% marks and after completing my FSC I went to University of Okara for BS English during which I realized my interest in coding after almost three semesters I quit and took admission in Virtual University of Okara to pursue my interests. Currently I am a student at Virtual university of Pakistan and will complete my degree in 2026 inshallah.

Virtual University of Pakistan

2022 – 2026

EDUCATIONAL ACHIEVEMENTS

I was awarded the merit base scholarship in class 5th, class 8th and in class 9th and 10th and I was also awarded by merit base PEF scholarship in my college. I have been selected for Inter Services Selection Board (ISSB) twice after my college. I was also nominated for Ehsas scholarship in University of Okara.
